

## RISIL PT

### Product information

Silicone sealant designed for application exposed to pressure and temperature up to 240°C

TYPICAL INFORMATION	Color	BLUE
	Hardness	5/12 Shore A
	Tensile Strength	600 Psi
	Tear Strength	2.1 Psi
	Elongation	800 %
	Density	1.23 g/cm3

\*Result based on sample according to ISO 6123/1

DESCRIPTION	<b>RISIL PT</b> is formulated to perform under high temperature with low harness that allow larger scope of constraints.
-------------	--

FEATURE	Outstanding stability even with his low hardness Improved temperature resistance Suited for applications requiring lower hardness.
